

COFFEE

Our coffee department is growing in proportion to our business. By roasting coffee we can offer inducements that other merchants cannot. Fresh roasted coffee, never a day old; we roast every day. Coffee begins to deteriorate as soon as roasted—you can avoid weak coffee by getting it fresh roasted daily.

MRS. MAYBRICK LUCKY SHE DESIRES TO RETIRE

American Woman Will Be Freed From Her Prison.

NEXT YEAR THE TIME

Decision to Release Her Is Said to Be in Order to Permit Her to Look After Interests in Certain Pending Suits.

London, March 23.—Mrs. Florence Maybrick, the American woman who was convicted at Liverpool in 1889 on the charge of poisoning her husband, James Maybrick, by arsenic, and whose sentence of death was commuted to penal servitude for life, will be released in 1904. This announcement comes from the home office, which now authorizes Washington lawyers to say the fact of her release is for the reason of securing the postponement of the trial of law suits bearing on the prisoner's interest in land in Kentucky, Virginia and West Virginia, until she is able personally to testify.

Those who are in a position to know say that Home Secretary Akers-Douglas has shown great courtesy in connection with suits now pending in America. The decision to release Mrs. Maybrick is entirely due to efforts on this side of the Atlantic, and Ambassador Herbert has never been called upon to act in the matter.

ROCK SLID.

The Train Rushed into Obstruction and a Tramp Lost His Life.

Atlanta, Ga., March 23.—Southwestern Railway passenger train No. 36, en route for Washington, was wrecked near Toccoa, Ga., eighty miles north of this city. A tramp was killed and Engineer Miller and Fireman Thompson seriously injured.

Advices received here state that the accident was unavoidable. The train was approaching a cut and a slide of rock occurred just as the engineer blew the signal for the road crossing. The watchman stationed at the cut started at once to flag the train, but only got 100 yards from the cut when the train crashed into the obstruction. The accident tied the road up for several hours. No passengers reported hurt.

RAN INTO SWITCH.

Locomotive Was Badly Torn Up and a Veteran Engineer Killed.

Des Moines, Ia., March 23.—A Des Moines-Albia passenger train on the Burlington road ran into an open switch at Knoxville and crashed into the rear of a freight train standing on the switch. The engine was badly demolished. Engineer Hyatt, a veteran of twenty-five years' service on this line, was instantly killed. The baggage car was badly wrecked but the coaches escaped with slight damage. Several passengers were bruised, but none seriously injured.

One Fireman Killed.

Knoxville, Tenn., March 23.—Two double-header freight trains collided at Roe Junction, three miles east of Morristown, Tenn. One fireman, T. E. Woods, was killed and three other trainmen injured. The injured: J. N. G. Wilkerson, engineer, shoulder dislocated; J. E. Trout, brakeman, slight internal injury; John Hager, colored brakeman, arm broken. The collision resulted from train "Second No. 88" failing to ascertain whether "Train No. 85," which had the right of way, had passed Roe Junction.

No Further Enforcement.

Laredo, Tex., March 23.—In view of the fact that number of plague cases have greatly diminished of late the authorities have decided not to enforce the rigorous quarantine which has heretofore prevailed, and will hereafter permit people to leave and enter this port after forty-eight hours under observation and careful disinfection. Much satisfaction is expressed over the decrease in the number of plague cases and it is now hoped that within a short time the pest will have been entirely stamped out.

Hard at Work.

City of Mexico, March 23.—The members of the monetary commission are hard at work studying the data before them and discussing it in committees, but nothing is yet ready to be communicated to the public. The three visiting American experts are in frequent consultation with the members of the commission, especially with President Macedo and Vice President Creel.

Thought to Have Received Increase.

San Francisco, March 23.—A conference between the Southern Pacific officials and the representatives of the Trainmen's association has come to an end. It is believed that the same concessions have been granted the men as have been extended on other lines, namely increase in wages of 15 to 20 per cent.

Private Audience Resumed.

Rome, March 23.—The pope has resumed his private audiences.

President Castro Has Handed in His Resignation as Executive.

NOT YET ACCEPTED.

At First He Would Not Reconsider, but Personal Friends Prevailed Upon Him to Send to Congress Second Message.

Caracas, March 23.—President Castro tendered his resignation. The Venezuelan congress, by an unanimous vote declined to accept President Castro's resignation and passed a resolution requesting him to reconsider his decision.

The congressional hall was crowded Saturday and all the members of the diplomatic corps were present when President Castro reviewed his message to congress. He first passed in review the terrible conditions which prevailed in the country and denounced the errors of his countrymen.

"I now," he said, deliver my abdication in order that you may proceed

PRESIDENT CASTRO.

legally to call on him who should take my place so that there may remain to no Venezuelan the slightest pretext for hostility to his country or for connivance with foreigners who, without any ground save force, fell upon unfortunate Venezuela trampling under foot reason and justice to the detriment of civilization and right. With head uplifted and with a tranquil conscience, I return to the efforts of toil with honor and dignity. All the energies and possibilities of my life are at your service should it become necessary to arise and defend our country against the attacks of the foreigner. All the glory I ask is to contemplate Venezuela becoming respected, prosperous and happy."

A night session of congress was held and a resolution was adopted requesting President Castro to reconsider his resignation in view of the critical condition of the republic, and a vote of confidence in his policy was passed unanimously.

The delegation appointed by congress called at the president's residence, Miraflores palace, and transmitted to President Castro the unanimous adopted by congress refusing to accept his resignation and requesting him to reconsider his decision.

President Castro, in reply, declined to change his mind, but after being urged by his personal friends, he offered to present another message to congress, which will meet on Thursday to suggest a solution to the situation.

Opinion at Washington.

Washington, March 23.—President Castro's resignation came in for a good deal of discussion Sunday in governmental and diplomatic circles. The general sentiment of persons conversant with South American affairs seemed to be that the president's action was merely a political move, having for its object the declaration of an expression from congress of its united and hearty support. It was not given that he had any serious idea of giving up his office permanently.

Feeling of Regret.

Berlin, March 23.—German government had no warning of President Castro's retirement, nor has the press announcement of the fact been supplemented yet by any explanation from the German legation at Caracas. The feeling in official quarters is rather one of regret than otherwise.

Pope's Prayer.

Rome, March 23.—When the pope was informed of the resignation of President Castro by Cardinal Pampolla, he exclaimed: "Let us pray God that this may end the tribulations of our beloved children there."

London Surprised.

London, March 23.—The news of President Castro's resignation came as a complete surprise to people here.

Earthquake Shocks.

Chilpancingo, Mex., March 23.—There was a sharp earthquake shock, accompanied by subterranean noises, at La Union Sunday. An earthquake shock was also felt at Zihuatanejo.

BY CONNELLY & CARNES.

Per Week, 15c. - - Per Month, 40c.

BRYAN, TEXAS, MAR. 24, 1903

A flurry of excitement about oil broke out near Mt. Calm in Hill county ten days ago, caused by the discovery of oil oozing out of the ground in several places.

A mass meeting of the citizens of Cameron has just been held to condemn and check a controversy carried on by the newspapers of that town. Resolutions were adopted from which we take the following:

Resolved. That we, as readers and patrons of the weekly newspapers published in Cameron, deplore and deprecate the present personal controversy being carried on in the columns of said papers, and we declare our right to thus publicly and plainly express our disapproval thereof and we request said papers to refrain from any further discussion of that character.

Hon. Heber Stone, of Brenham, has purchased a tract of 1100 acres of land in the Brazos bottom between Hempstead and Brenham, for which he paid \$25,000. It is thought that his idea in buying the land is to cut a new channel for the river to aid in preventing overflows. By making a new channel three miles long he will throw thirty miles of the river into the new channel and the fall being so great it is thought will make overflows almost impossible. There is no question that the problem of overflows can be solved by straightening and thereby deepening the river.—Navasota Examiner.

The grafters from one end of the country to the other are already planning to get rich out of the Panama canal.

A GREAT EXPOSITION.

Chas. M. Reeves, secretary of the St. Louis world's fair, writes the Eagle as follows:

"The world's fair of 1904 at St. Louis will be approximately twice as large as any former international exposition. The centennial exposition at Philadelphia covered 236 acres, the Paris exposition of 1889-1900 336 acres, the Columbian exposition at Chicago 633 acres. The world's fair at St. Louis will cover 1180 acres.

The construction cost of the centennial exposition was \$3,500,000, that of the Paris exposition was \$9,000,000. The cost of Columbian exposition was estimated at \$18,322,000, and the total cost was \$27,250,000. The estimated construction cost of the St. Louis world's fair is \$30,000,000 and its total cost will be upward of \$40,000,000 by the time the work is completed.

Before the exposition gates are open, the city of St. Louis will have expended the enormous sum of \$20,000,000. Of this amount \$5,000,000 was appropriated for the fair through the Municipal Assembly. Citizens of St. Louis raised \$5,000,000 additional by private subscription. By popular vote at a special election the charter amendments were carried, which will enable the city to expend \$10,000,000 for street paving and other public improvements."

Congress has appropriated for the exposition five million dollars; the Missouri legislature, for an exhibit, one million; the New York legislature one million; the legislature of Illinois a quarter of a million; the legislature of Mississippi, \$50,000. These are some of the state exhibits. The legislature of Texas has appropriated nothing, and Texas will be without an exhibit, in spite of the fact that apparently an appropriation would be very popular with the people of the state.

Killarney Rep. the newest thing in skirting, at Wagner & Brandon's. 93

Spring CLOTHING

We are not quite sure whether spring is here or not, but shrewd buyers are already making their selections from our very complete line of spring patterns, and placing their orders for Tailor-made Suits and Trousers and its time you were doing the same.

A real spring day will catch you in that old winter suit if you don't look out.

We're showing all the new things for spring—some of the patterns are gay, some simply bright, others medium or very modest—In fact we are prepared to please the most critical buyers.

ABOUT THE FIT? We guarantee that. We want our clothing to advertise us, and its made so that it will. Come in for a look at the **NEW SPRING WOOLENS!**

Suits to order \$10 and upwards

MEN'S FURNISHERS.

Additional Local

Rt. Rev. George Kinsolving, Bishop of Texas, arrived yesterday on his annual visitation to St. Andrew's parish and preached a magnificent sermon before a large congregation at St. Andrew's church last night. Misses Mary and Sophie Hutson and Helen Bittle of College, Miss Mary Roman and Eddie Wolton of Bryan composed a class of five confirmed at the service. Services were also held in the afternoon at which time the infant daughter of Mr. and Mrs. Jno. B. Hines and the infant son of Mr. and Mrs. Jas. O. Chance were christened.

The case of John Turner, colored, charged with hog theft, went to trial in the district court yesterday afternoon and was concluded last night. Turner was found guilty and given two years in the pen. The case of Charlie Robinson, charged with burglary, will go over for the present to allow the civil docket to be taken up.

R. M. Connor went to Houston Sunday.

Dr. Taliaferro visited Calvert yesterday.

FAIR DIRECTORS MEET.

The Central Texas fair directors met last night. President Howell presiding.

Committees on building and grounds and on track and racing granted further time on repairs which have not been made on account of the weather.

President Howell reported that the authorities at Ft. Sam Houston, San Antonio, reported that troops could be sent to Bryan for the fair next fall if they were available, but the troops now at San Antonio are to be sent to the Philippines and others there brought home, and none may be available at the time they are needed.

Standing committee reports were made showing progress of their work.

A. M. Waldrop is acting secretary during the absence of Secretary Bradley.

A motion prevailed that the A. and M. College Athletic Association be allowed the use of the fair grounds for baseball games during the season just opening at \$12.50 for each game. Adjourned.

Card From W. R. Johnston.

On account of the condition of my wife's health I deem it unsafe to bring her back to this climate for the present, and I have decided to move to San Angelo.

For the above reason I hereby withdraw my name as candidate for the office of city secretary. I assure my friends that I shall always have a warm spot in my heart for the city of Bryan and her people, and my heart's desire is to see Bryan and surrounding country grow and prosper. I hope to see the business league of Bryan and The Central Texas Fair continue their good work.

Thanking my many friends for courtesies and favors shown me since my residence in Bryan, I am Very truly yours,

W. R. Johnston.
Bryan, Texas, April 23.

TELEGRAPHIC COTTON MARKETS.

Memphis Cotton Letter—Yesterday's Liverpool and New York Spot and Future Markets—Port Receipts Yesterday and Comparisons.

Special to Geo. W. Smith, Jr.:

Memphis, Tenn., March 23—Liverpool sustained a decline of four points on spot cotton today and two to five points on arrivals.

May and June sold on first call at 5.27, declined to 5.24; then reacted and closed steady at 5.27. Middling uplands were quoted at 5.38. Sales 7000 bales.

Encouraged by the easier feeling on the other side New York commenced the day 2 to 3 points lower on initial sales. May sold on the opening at 9.91, declined to 9.87, advanced to 9.94, declined to 9.87, then reacted and closed steady at 9.92 3/4. Spot quotations were marked down ten points.

Middling 10.05. No sales.

The southern markets as a rule were steady at unchanged prices. New Orleans sold 2700 bales on a basis of 9 1/4 for middling, and Memphis sold 800 bales at 9 1/4 for same grade.

The port receipts aggregated 14,394 bales; same day 1902, 15,220; 1901, 15,320; 1900, 12,675; 1899, 19,689; 1898, 19,689.

The interior cotton receipts were relatively small.

New Orleans expects tomorrow 7500 to 9000 bales, same day last year 4777. Galveston expects Monday 4000 to 5000 bales, same day last year 8750. Houston expects, Monday 4900 to 3600 bales, same day last year 6765.

Notwithstanding the decline in Liverpool this morning, New York has remained very steady all day. The strength of the situation rests in the extremely light supply of American cotton, and the small amount of tenderable grades in New York.

Of certificated stock there is only about 45,000 bales, 10,000 bales of which are said to be sold and awaiting shipment.

It looks now as though the market was entirely at the mercy of the manipulators and that they can put prices to any point they choose.

FUTURE MARKETS.

We notice the jewelry drummers are getting some nice orders from John M. Caldwell. He is constantly adding to his elegant and well selected stock. 96
John M. Caldwell is putting the knife to prices on fine watches. Anyone wanting a reliable time piece will do well to see him while his watch sale is on. 96
J. W. Benson and J. N. Risinger are here from Call, Newton county. Mr. Benson is well pleased with his new home and Mr. Risinger is preparing to move there.
Dr. J. F. Eaves passed through the city yesterday en route home from Bremond to Millican. Dr. Eaves has about recovered from the effects of his recent serious illness.
The sterling silver knives, forks and spoons and the elegant line of cut glass shown in John M. Caldwell's cases are unsurpassed in Texas for beauty and quality. 96

G. M. Brandon returned from New York Saturday, and reports that Texas is not the only place that has had lots of rain. He says the face of the earth is covered with water from here to New York. He reports fine prospects for wheat crops north, however, and believes that even here in Texas the prospects for a good crop are good, with prosperous times ahead. He made large purchases of seasonable goods for his firm for the spring and summer trade.
It is generally agreed that the closing of the stores at 6:30 o'clock except during the busy season is a good thing for all concerned, but the Eagle observes this is a difficult thing for the grocery stores to do on account of telephone orders sent in late. A little thoughtfulness along this line will make it easier and more convenient and work a hardship on nobody. Get your orders in before 6:30 and give everybody a chance to close up on time.
The following jurors have been sworn in for the week: S. S. Kennedy, T. T. Goodwin, Frank Crouch, W. J. Walker, Henry Benbow, H. G. Rhodes, Sydney Smith, Wm. Stallings, J. W. Coulter, Sam D. Jones, John Henry, W. W. Griffin, Dan Zimmerman, W. A. Hudson, J. H. White, W. Z. Nabors, L. L. McInnis, W. T. James, George Edge, E. Gandy, D. Tullous.
J. H. Spaulding and Mr. and Mrs. T. R. Miller left for Marquez Sunday. They were joined at Hearne by Mr. and Mrs. Delmont. The party forms a company organized by Mr. Spaulding to give a series of popular priced entertainments through east Texas. Comedies, specialties, and other features are combined, making an excellent program that will no doubt meet with popular favor.

The suit of E. L. McCauley vs. the Western Union Telegraph company, will be taken up in the district court today. Messrs. T. W. McKnight of Lampasas and J. H. Carnes of Marlin, the operators who handled the message upon which the suit was brought, are here as witnesses in the case.
The Grand opera house of Marlin, owned and managed by J. G. Olcott, formerly of this city, was destroyed by fire Saturday night. It was a new building and has been open only this season. The house has enjoyed a good run of attractions and had "Audrey" booked for next Saturday night.
Mr. and Mrs. J. B. Priddy returned yesterday from Henderson, Tenn., where they were called by the illness of Mr. Priddy's father, who died the early part of last week. Mr. Priddy says they have had more rain and farmers are as far behind with their work as in this country.
The Eagle was incorrectly informed regarding the score of the base ball game between Allen academy and the A. and M. Saturday afternoon, and Sunday morning gave the score as 24 to 4 in favor of the College. It should have been 15 to 4 in favor of the College.
We are convinced that the Keystone kid \$1.50 oxfords and sandals for ladies are unexcelled in style and quality. We want to convince you. If you will try them we know what the verdict will be. 90-91-94 Webb Bros.
A Worley has suffered the loss of his young shade trees on his property fronting on College road in the southern part of town. They were evidently removed by some one bent on malicious mischief. It is a peculiar case of theft to say the least.

LEVEES HIGHER.

Commercial Front at New Orleans Able to Resist Maximum Rise.

New Orleans, March 23.—Gauge here registered 20.1, a rise of one-tenth in twenty-four hours. Twenty-one feet may be reached. Temporary levees have been built along the business front more than high enough to stand this maximum. Encouraging information comes from the Fifth district, where the largest state levees on the line promise to hold. The effort of the break in from of the handsome colonial residence of Internal Revenue Collector Howell on Lafouche has greatly lowered the bayou. Southern Pacific railway does not expect its main line to be interrupted.

Slowly Falling at Memphis.

Memphis, March 23.—The river is slowly falling, the gauge reading 39.5 feet. The water continues to pour through two breaks north of here, and lowlands at Arkansas are feeling the full effect of the sweep of the flood. Railroads on the west side are still under water, and no work can be done on the roadbeds until the water recedes.

Did Not Break.

Memphis, March 23.—Refugees continue to reach Memphis from every direction and are being cared for.

Reports from Greenville say the statement that levees near there were broken is incorrect.

Men are watching every foot of levee south of here and every precaution is being taken to guard against a break.

Monday's Bulletin.

Washington, March 23.—The Mississippi continues to fall from Cairo to Memphis and rise below, as follows: Cairo, 18.7 feet, fall; since Saturday morning 1.1; Memphis, 39.2, fall of six-tenths; Icksburg, 50.9, a rise of six-tenths; New Orleans, 20.1, rise of four-tenths.

WOMAN KILLED.

Another May Lose Her Reason as the Result of Undue Excitement.

New York, March 23.—One woman was killed at a small fire, caused by a lamp explosion, in West Sixty-fifth street, and one woman will probably lose her reason from excitement. When the fire was discovered Mrs. Erna Wallace frantically aroused three women boarders, one of whom was Miss Eleanor Price, and then fainted. Miss Price went up on the roof to escape and fell down an air shaft. She was instantly killed. Mrs. Wallace became hysterical when revived and was taken to the Roosevelt hospital, where it is said her reason is in danger.

Studied Too Hard.

New York, March 23.—Rosa Crystal, the normal school girl who was arrested last week charged with having stolen \$1800 worth of jewelry from Mrs. Victoria Scheffler, has been released. Mrs. Scheffler had declined to prosecute, and the district attorney, when the case was referred to him, left it to the magistrate's discretion. Her father says over study made her irresponsible.

Deed of Discarded Suitor.

Chicago, March 23.—Extending in one hand a wedding gift, Benjamin Valerie, a discarded suitor, pointed a revolver and fired at the bride of Joseph Malone at the wedding feast which they were celebrating. In the struggle which followed, as the bride sank to the ground dangerously wounded, Valerie received fatal injuries, and Michael Malone, a brother of the groom, was so seriously hurt that he may not live.

Crum Reappointed.

Washington, March 23.—The president re-appointed Dr. W. D. Crum, colored, collector of customs at Charleston, S. C., and William Byrne, United States district attorney for Delaware. Both of these nominations failed of confirmation at the recent session of the senate.

American Fall Practically Dry.

Niagara Falls, N. Y., March 23.—The American fall is practically dry, and for the first time in fifty-five years people are able to walk about in the river bed. Thousands have clambered over the rocks hunting for relics and souvenirs.

Death of Dean Farrar.

London, March 23.—Very Rev. Frederick William Farrar, dean of Canterbury since 1895, died Sunday, aged seventy-two years. Dean Farrar had long been in delicate health and disabled by creeping paralysis.

Mother Died, Daughter Born.

New York, March 23.—A daughter was born to Mrs. Clarence H. Mackay at her home near Roslyn, L. I., shortly after Mrs. Mackay had returned there from the bedside of her mother, Mrs. William A. Duer, who died here Sunday.

Declined to Adopt.

London, March 23.—The home office has declined to adopt Whitaker Wright's suggestion that it withdraw extradition proceedings and allow him to return to London from New York of his own accord.

Got Five Thousand Dollars.

Paducah, Ky., March 23.—Robbers blew up the vault in Eardwell's bank and secured about \$5000. The explosion was so strong that about \$2500 in currency was destroyed.

General Over Iowa.

Des Moines, Ia., March 23.—The Des Moines valley had a three-inch snow storm which was general over Iowa.

Ten New Scarlet Fever Cases.

Chicago, March 23.—Scarlet fever is still raging in Lake Forest, a suburb. Ten new cases developed last week.

Peace Treaty Signed.

Montevideo, March 23.—Peace was signed between the Uruguayan government and the rebels.

TWO POISONED.

One Man Is a Corpse and the Other at the Door of Death.

Milano, Tex., March 23.—D. E. Baremore is dead and Sam Warbington is at death's door from the effect of overdoses of morphine. Saturday evening about 7 o'clock Baremore walked into a saloon and informed the inmates he had taken the drug. No one believed him or paid much attention to him, but after awhile it was noticed that he was being overcome. A physician was sent for and everything possible was done for him, but he died Sunday morning about 2 o'clock.

It is supposed that Warbington took his dose at about the time that Baremore died. After Baremore's death, Warbington went to where he lived, alone, tied a piece of crape on his door, swallowed the dose and went to bed. Warbington was found lying on a mattress on the floor in a serious condition.

TEXAS BASEBALL LEAGUE.

Elects Fort Worth Man President and Adopts Playing Schedule.

Dallas, March 23.—The Texas Baseball League met here Saturday and adopted schedule. There will be two seasons, the first beginning April 25 and the second the latter part of June, date of commencing to be determined later. Wilson Matthews and Wirt Spencer were appointed umpires. In event of a vacancy Patrick Flaherty is to be given preference. Newton H. Lassiter of Fort Worth was elected president and H. J. McDade of Paris uniformed covered seats provided for visiting teams and spectators kept off the field. Any player put out of the game three times shall be suspended two weeks without salary, first being fined \$3.

Resolutions of sorrow over the death of the late President John L. Ward were adopted.

WORK OF SATURDAY.

Senate and House of Texas Legislature Put Through Several Bills.

Austin, March 23.—Saturday the senate finally passed house bill appropriating \$50,000 to establish a textile department at the agricultural and mechanical college.

House bill prohibiting the concerns on blacklisting of employees passed to engrossment.

Anti-pool room bill was ordered engrossed.

Bill simplifying methods of issuing school warrants in apportioning the available school funds finally passed.

Bill authorizing sale of school and university lands to railroads for townships, terminals and sidings was ordered engrossed.

House passed a large number of local bills.

HELD UP A CAR.

Done by Masked Robbers and One Passenger Was Killed.

Los Angeles, Cal., March 23.—Three masked robbers attempted to hold up a car on the Los Angeles and Pacific Electric railway between Los Angeles and Santa Monica Saturday night, and after a pistol fight between C. W. Henderson, a passenger, and one of the robbers, the other two robbers began shooting through the crowd. H. A. Griswold of Madison, Ia., was killed and three persons were wounded. It is believed that one of the robbers was wounded, but the three desperadoes escaped.

The holdup occurred at the head of a deep cut. The robbers had placed a steel rail, a large bench and a cement barrel on the track, which stopped the car.

Texas Found Dead.

Warsaw, Ind., March 23.—William S. Watson of San Antonio, Tex., was found dead at the White House hotel. A bottle partly full of morphine was found in his room, but the police don't think suicide was intended. Watson came from Texas a few days ago to visit his sister, Mrs. W. Dederick. Until a few months ago Watson was engaged in law practice at San Antonio.

Work Has Been Resumed.

Ardmore, I. T., March 23.—A special from Durwood says the Arkansas and Choctaw steel gang resumed work Saturday afternoon. They were at work about three-fourths of a mile west of the switch at Redwood, which is to be the name of the station between Durwood and Madill. Redwood is about five miles from this place.

Snow at Kansas City.

Kansas City, March 23.—Following a drop in the temperature which began at noon Sunday one of the heaviest snow storms of the year was in progress here that night. The fall of snow was steady for hours, but it melted rapidly, and was not more than an inch deep on the level.

Large Flakes at St. Joseph.

St. Joseph, Mo., March 23.—The heaviest snow storm of the year set in at 5 o'clock Sunday afternoon, and an hour later traffic was greatly impeded. Telegraph and telephone wires were only partly in operation. The flakes were the largest seen here.

Large Lumber Deal.

Velasco, Tex., March 23.—R. D. Godley closed a contract with the Velasco box factory for their entire stock of cottonwood and ash lumber, amounting to something like one hundred and fifty thousand feet. This will all be shipped to Dallas.

Mrs. Hetty Green Must Explain.

Hoboken, N. J., March 23.—Mrs. Hetty Green has been summoned before Recorder Stanton and explain why she has failed to obtain license for her pet terrier. License costs \$2 and penalty for failure to secure same ranges from \$3 to \$25. The lady has a dog license she secured in New York.

Baseball at New Orleans.

New Orleans, March 23.—Cleveland, 7; New Orleans, 3. Attendance, 6900.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet.
